

Technical details

Laser diode: 635 nm, < 1 mW
Laser class: 2
Accuracy: $\pm 1.5\text{mm}$
Range: 70m
Measurement time, typical: < 0.5 s
Power supply: 4 x 1.5 V LR03 (AAA)
Automatic deactivation: 5 mins
Weight, approx.: 0,18 kg
Length: 100 mm
Width: 59 mm
Height: 32 mm
Battery lifetime, individual measurements, approx.: 30.000
Battery lifetime, operating time, approx.: 5 h

Bosch DLE 70 Laser Rangefinder

Precise measurement at top speed

- Modern laser technology for precise measurement up to 70 metres
- Measure up to ten times faster when using wall area, minimum and maximum functions compared to traditional methods
- Fits into any shirt pocket

Other advantages

- User-friendly operation thanks to self-explanatory buttons and a concise display
- Ideal tool for every construction site
- Dust and splash protected (IP54)
- Metal fold out measuring pin for measuring from corners and hard-to-reach places
- Metric & imperial
- Additional features include; continuous measurement, indirect measurement, addition and subtraction function, area and volume functions
- $\frac{1}{4}$ " tripod thread for convenient use with BS 150 Bosch Professional tripod (optional extra)

Comes with:

- 4 x 1.5 V batteries
- Protective bag
- Hand strap

Part No: 0601016670
