

Humidity & Temperature **Data Logger** THD 100-A

Functional and technical parameters

Measuring range: temperature $-30-80^{\circ}\text{C}$, the temperature of work: $0-100\% \text{RH}$

Recording capacity: 32256

Maximum, minimum: \checkmark

High alarm value, lower limit alarm value: \checkmark

USB: \checkmark

In response to the sampling period setting: \checkmark

Alarm settings: \checkmark

Light Alarm: \checkmark

Low power prompts: \checkmark

Dimensions: $126 * 28 * 22\text{mm}$

Weight: 49g

TEU Quantity: 80PCS

Standard box size: $59.1 * 41.8 * 44\text{CM}$

Power: 1 / 2AA3.6V lithium battery

Accessories: protective cover, mounting bracket, screws x2, CD, lithium battery
