

# FARMEX™

Farmex™ MT-PRO is an easy to use, reliable and fast moisture meter for professional farmers. MT-PRO measures moisture content in the grain and in the seeds of oilplants. The meter is calibrated for local grain - and seedsorts of average quality.

The meter has a clear display with backlight and easy to use buttons. Language can be changed to Finnish, Swedish or English. The meter has a one year warranty.

Farmex™ MT-PRO is one the fastest moisture meter sold worldwide. Several leading OEM's have taken the MT-PRO as part of their selection.
